We understand the pressures you face, and our mission is to be more than a service provider – we aim to be a partner that helps you thrive!

One of the most pressing challenges of our generation is climate change. Transportation and logistics play a role in global emissions, and we recognize our responsibility to act. That is why **Sustainability** has been a core element of our strategy. From investing in electric delivery vehicles and Sustainable Aviation Fuels, to seeking clean energy and energy-efficient systems in our facilities, we are committed to reducing our carbon footprint and enabling you to participate in it – please ask us about the DHL Express GoGreen Services.

Of course, sustainability is only part of the story. We continue to focus on <u>Digitalization</u> across all areas of our service. #### Leader in sustainable aviation

solution to help businesses reduce the carbon emissions on a book and claim basis from air transports through the use of <u>Sustainable Aviation Fuel (SAF)</u>. This is currently supported by three of the industry's largest collaborations with BP, Neste and World Energy.

In contrast to 'offsetting' – where businesses 'neutralize' their emissions through environmental programs – GoGreen Plus is 'insetting'. Insetting's impact is greater because it directly reduces emissions within a company's value chain, resulting in significant reductions in scope 3 emissions. Here is how you can get on board:

- With the **GoGreen Plus Basic model**, a fixed CO2e reduction (insetting) will be achieved on all your air express shipments.
- In <u>MyDHL+</u>, you can opt for GoGreen Plus and choose which shipments to invest in with SAF.
- Alternatively, choose a **Customized Offer** for a bespoke insetting plan.

In addition to GoGreen Plus, other sustainability efforts include:

#### **Green product portfolio**

Our GoGreen Plus service allows customers shipping TDI to inset their CO2 air emissions by up to **90%**.

#### Green last-mile and line-haul

Electrify 66% of last-mile delivery vehicles.

#### **Carbon neutral buildings**

Design 100% of all new buildings to be carbon neutral.

## OPTIONAL SERVICES

View charges

DHL Express offers a wide range of optional services from non-standard deliveries and billing options to emissionreduced shipping.

#### **Saturday Pickup**

In countries where Saturday is not a normal working day, DHL can arrange an ad-hoc pickup of smaller shipments up to 25kg. The service is available at selected postal locations only.

#### **Saturday Delivery**

We offer Saturday delivery services to key cities in more than 70 countries.

#### **Dedicated Pickup**

If your business needs a dedicated vehicle to collect unusual shipments, or a pickup outside normal business hours, we can arrange this for you.

#### **Dedicated Delivery**

On customer request, an immediate or non-routine, once-only delivery of a shipment within a normal working day or a holiday that involves a specific vehicle such as tail lift truck or more than one courier.

#### GoGreen Plus - Carbon Reduced

When selected, DHL will reduce (inset) CO2 emissions from air transport through the purchase of Sustainable Aviation Fuel (SAF). SAF can reduce lifecycle carbon emissions by up to 80% compared to traditional jet fuel. GoGreen Plus - Carbon Reduced service supports Scope 3 emission reductions in alignment with the Science Based Target initiative. The process is audited annually by SGS (Société Générale de Surveillance) to ensure compliance with regulations and standards. Alternative reduction levels and CO2 emission reports are available on contractual basis only.

#### **Shipment Insurance**

We recommend this comprehensive protection for your valuable or personal shipments, giving you peace of mind in the unlikely event of physical damage or loss. The service is subject to specific limitations and exclusions as described in our Terms and Conditions.

## **Extended Liability**

If you are sending valuable documents such as passports, visa applications or regulatory certificates you can extend coverage and compensation beyond the DHL standard liability described in our Terms and Conditions. In the event of full or partial loss to a document shipment, a fixed compensation will be paid regardless of the replacement cost of the document.

#### **DUTY BILLING SERVICES**

#### **Duty Tax Paid**

DHL can arrange for the shipper or a third party to be billed for any duties and taxes payable at destination, rather than the receiver of the shipment being billed. Charges apply whenever duties, taxes or other regulatory fees occur, and shipper has requested that those are to be billed outside of the destination country.

#### **Duty Tax Processing:**

**Account Customers** 

DHL will accelerate the customs clearance initiating the payment process of duty and tax charges relating to a shipment. The receiver is invoiced for the duty and tax amount, allowing payment to be deferred until a mutually agreed date.

#### **Duty Tax Processing:**

**Non-Account Customers** Applies when DHL processes import duties, taxes, or other regulatory charges on behalf of customers who do not hold a DHL account number.

#### **Change of Billing**

This applies when a customer requests a change of defined billing information on an already issued invoice, which will result in a reissuing of the invoice and, in case of an account change, crediting of the old account and debiting of the new.

#### **Verbal Notification**

Customer Service will contact you by phone and provide verbal updates on agreed key transport events or incidents with a potential impact on transit time.

#### **Packaging Supplies**

Charges apply for all DHL standard packaging items including polybags provided in bulks or stacks.

#### **Neutral Delivery**

This service allows for the delivery of any shipment, without its value being shared or exposed to the receiver. DHL will ensure any paperwork exposing the value of the goods is removed from the shipment prior to delivery.

#### **Hold for Collection**

On shipper request, a shipment is held at the default DHL delivery facility at destination for consignee collection, rather than attempt a delivery at the receiver's address. The service is booked through Customer Service or supporting shipping tools. The destination will notify the receiver when and at which facility the shipment is ready to collect. A consignee cell phone number is mandatory.

#### **Verified Delivery**

On shipper request, DHL will verify the delivery of a shipment to the authorized receiver, through a unique authentication, in form of a QR code. Contractual agreement required.

#### **Residential Address**

Customers shipping to a home or private residence can activate specific delivery options by designating the delivery address as residential. For such shipments, DHL will proactively notify the receiver via email or SMS about the shipment's progress. Receivers can then select the most suitable delivery option via On Demand Delivery.

#### **Direct Signature**

If you are sending sensitive documents or high value contents you can request DHL to obtain a direct signature from the consignee or a representative at the delivery address. DHL will ensure your shipment is not re-directed, or delivered at an alternative address.

#### **Adult Signature**

Delivery of a shipment to an adult. DHL will obtain a delivery signature from an adult at the stipulated delivery address.

#### **No Signature Required**

On request, DHL is authorized to leave the shipment in a designated place without proof of delivery signature.

## **SURCHARGES**

View charges

In order to maintain a consistently high level of service, in specific circumstances DHL Express levies a surcharge for exceptional activities, ensuring that these surcharges are fair for all of our customers.

#### Non-Stackable Pallet

This fixed surcharge is applied to every pallet within a shipment that cannot be stacked, either on request by the shipper, or because of its shape, content or packaging. This surcharge does not apply to pallets below 25kg.

#### **Overweight Piece**

A fixed surcharge is applied to every piece, including a pallet that exceeds a scale or volumetric weight of 70kg.

#### **Oversize Piece**

This fixed surcharge applies to every piece, including a pallet, if its longest side exceeds 100cm or its second-longest side exceeds 80cm. Does not apply to pieces already subject to Overweight Piece surcharge.

#### Non-Conveyable Piece

This surcharge applies to any shipment piece that meets one or more of the following criteria:

- Has an actual weight between 25kg and 70kg
- Is not fully enclosed in an outer shipping container
- Is packaged in materials other than corrugated cardboard, such as metal, wood, leather, hard or soft plastic, or expanded polystyrene foam
- Is wrapped in shrink wrap or stretch wrap
- Has a round or cylindrical shape, such as buckets, cans, drums, tires, or barrels
- Includes wheels, handles, or straps
- Has the potential to become entangled with or cause damage to other packages or the handling systems

Does not apply to pieces already subject to the Overweight or Oversize Piece Surcharge.

#### **Remote Area**

This surcharge applies when a shipment is collected from or delivered to a location that is distant or difficult to serve.

#### **Fuel Surcharge**

The jet fuel surcharge will be based on the daily average spot prices for U.S. Gulf Coast (USGC) kerosene-type jet fuel, as reported by the U.S. Department of Energy between third week release of prior month to third week release of actual month.

The diesel fuel surcharge will be based on the daily average spot prices for U.S. Gulf Coast (USGC) Ultra-Low-Sulfur No. 2 Diesel Fuel, as reported by the U.S. Department of Energy between third week release of prior month to third week release of actual month.

For example, the daily average price for fuel from 18th April to 15th May is used to determine the applicable surcharge in June.

The fuel surcharge applies to the transportation charges and to the services and surcharges (where applicable), as set out here: mydhl.express.dhl.

DHL reserves the right to change the fuel surcharge index and table with or without notice. Both the amount and duration of the surcharge will be determined at DHL's sole discretion.

#### **Demand Surcharge**

One or more Demand Surcharges will apply to shipments during a period of high demand. A period of high demand is to be determined by DHL at its own discretion but may include a time of high demand for shipping services or a period with high operational cost. Details regarding the application of Demand Surcharges are set forth at <u>mydhl.express.dhl</u> and will be subject to change upon prior notice. Demand Surcharges apply cumulatively if a shipment and/or individual pieces meet more than one of the specified criteria. Demand Surcharges apply in addition to the rates and any other applicable charges.

#### **Emergency Situation**

A temporary surcharge, which allows us to cover operating cost increases due to an emergency situation out of DHL's control. Change in market dynamics and air capacity availability is reflected through regular price adjustments. The charge will be applied pro rata based on the chargeable weight (invoiced weight) of a shipment.

#### **Excepted Quantities**

This fixed surcharge is applied when the handling and transportation of shipments involves substances and commodities that are in Excepted Quantities in compliance with IATA Dangerous Goods Regulations. Contractual agreement required.

#### Dry Ice UN1845

A surcharge is applied when the transportation of shipments involves handling Dry Ice UN1845 as a freezing agent for nondangerous goods such as diagnostic specimens. Contractual agreement required.

**Paying for Your Shipment** 

## PREPARING YOUR SHIPMENT: AS EASY AS 1-2-3

## Shipment weight

- Please weigh and measure your shipment.
- If you are sending a large but lightweight shipment, where its volumetric (dimensional) weight exceeds its actual
  weight, the cost of the shipment is calculated on the space your consignment takes up on the aircraft. This is a standard
  IATA method. To calculate the volumetric weight of your shipment, simply multiply the length by height by width in
  centimeters, then divide the total sum by 5,000 for each piece in the shipment.
- Any piece in the shipment may be re-weighed and/or re-measured by DHL to confirm this calculation.

## Ocumentation required: waybill

- All shipments sent with DHL Express need to have a fully completed DHL waybill or label securely attached to each piece.
   This will enable the successful movement of your shipment through the DHL network. Each waybill or label is individually numbered to allow you to track your shipment from collection through to delivery.
- Your shipment may also need to be accompanied by customs documentation, such as a commercial or proforma invoice, as well as additional paperwork depending on the contents and value of the shipment and the country you are sending to.

## Documentation required: invoice

- A commercial or proforma invoice is required when sending non-document shipments to countries and territories outside your origin country or customs union. This is essentially a declaration containing all the details of a transaction and is used by customs authorities to assess if duties or taxes are payable.
- A commercial invoice is used when goods are part of a commercial transaction or intended for resale.

## PREPARING YOUR SHIPMENT INVOICE

Below is an example of an invoice template with key data elements required for a successful customs clearance, which you may leverage if you provide your own Commercial/Proforma Invoice (using your own letterhead).

Additional information may be required depending on regulatory requirements, so please research the key export requirements of the origin country, import requirements of the destination country, and/or request regulatory advisory from Tax/Legal advisors.

In addition to providing the invoice electronic soft copy (e.g. PDF file), you must also provide the complete and accurate electronic invoice data to DHL. This avoids manual data entry (from the PDF file to Customs Systems), resulting in an efficient and high-quality Customs Clearance process for your shipments.

## **PACKAGING YOUR SHIPMENT**

To ensure that your shipments travel safely and securely through the DHL Express global network, it is important that they are packaged and labeled correctly.

#### Packaging guidelines

- If you are re-using envelopes or boxes, please ensure that old labels and markings are removed
- Securely fix a waybill to each piece in your shipment.
   The waybill can be thought of as the shipment's airline ticket and it will delay delivery if it becomes separated from your shipment
- The barcodes on the waybill are scanned at numerous points during your shipment's journey. Please ensure the barcode is flat and not covered by tape, shrink wrap or strapping
- Place a waybill on the top or side of each piece in your shipment and please ensure it does not overlap the corners or edges of boxes

- Use adequate protective wrapping for fragile or delicate items and ensure they are packed as far away as possible from the corners of boxes
- To prevent injury to our employees, please pay special attention to the packaging of sharp items. There should not be any possibility of the contents piercing the packaging
- Any individual pieces over 70kg should be placed on a pallet.
   If you are sending a multi-piece shipment, it is not necessary to place the individual pieces on a pallet unless they exceed 70kg. For example, a shipment comprising four 25kg pieces does not have to be placed on a pallet
